

Ther-Biotic® Metabolic Formula

High-potency, multispecies probiotic supports healthy weight and energy metabolism.†

Ther-Biotic® Metabolic Formula provides high amounts of *Lactobacillus* and *Bifidobacterium* species that have documented supportive effects on metabolism and weight management.

Evidence indicates the intestinal microbiota contributes to the regulation of energy homeostasis, body weight, and glucose metabolism. Reduced microbiota diversity and diminished populations of *Lactobacillus* and *Bifidobacterium* may impact how the body regulates weight. The intestinal microbiota plays an important role in extracting energy from the diet, producing bioactive substances that influence carbohydrate and lipid metabolism, and modulating inflammation.

- Modulates healthy inflammatory response during metabolism†
- Supports gut barrier function†
- Synthesizes CLA which helps regulate fat mass†
- High amounts of 4 *Lactobacillus* and 3 *Bifidobacterium* species
- 25 billion CFUs, dairy- and gluten-free
