## How Is YOUR MUCOSAL IMMUNITY?

Breakthrough test from Cyrex Laboratories can give you the Big Picture

Your mucous membrane is your immune system's defensive wall

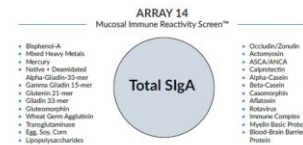

What are the stresses on your defensive wall?

Find out conveniently: No need for blood draws.

Saliva collection kit sent to your patient, self administered at home, and resent to the lab.

Test a comprehensive list of antibodies/antigens burdening your mucosal immune system.

Test Total IgA levels which can reveal invaluable information about your immune system, such as its ability to directly quench pathogenic virulence factors.

## How Do You Detox?

**Step 1: Tri-Fortify®**  
Open Detox Pathways\*

Tri-Fortify's published research confirms enterocellular absorption, natural killer and oxidative stress support, all essential for healthy detoxification.\*

**Step 2: ToxinPut™**  
Bind, Excrete & Support Liver\*

ToxinPut™ utilizes four mechanisms of action to bind toxins in multiple locations throughout the body plus support and protect the critical detoxification pathways and organs such as the liver and the kidneys.\*
