### INNOVATIVE FORMULAS FOR NUTRITIONAL SUPPORT\*

#### Molecular H2

Efficient Hydrogen Tablets

Molecular H2 creates a high level of hydrogen (H<sub>2</sub>) when added to non-carbonated water.

H<sub>2</sub> is the smallest known molecule, which enables it to readily pass through cellular membranes and the blood-brain barrier, systemically delivering antioxidant activity and redox balance.

Unflavored and delicious raspberry flavor available.

\*This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

#### Melatonin 20 mg

High Potency Melatonin

Allergy Research Group was the first to introduce melatonin to the U.S. market in 1995.

Promotes sleep, scavenges \*OH and activates the NAD-pathway.\*

Clinical research shows melatonin supplementation delivers numerous clinical benefits with very low toxicity.\*

#### Pancreas Pork

Natural Glucosylate

Formulated by the renowned late glandular nutrition expert, Nicholas Gonzalez, MD, and derived from New Zealand government-inspected, range-fed animals.

Pancreas Pork is lyophilized (freeze-dried), retaining amylase, protease, and lipase, as well as other digestive factors, including any fat content.\*

### How Is Your MUCOSAL IMMUNITY?

Breakthrough test from Cyrex Laboratories can give you The Big Picture

Your mucosal membrane is your immune system's defensive wall

What are the stresses on your defensive wall?

Find out conveniently. No need for blood draws.

Saliva collection kit sent to your patient, self administered at home, and resent to the lab.

Test a comprehensive list of antibodies/antigens burdening your mucosal immune system.

Test Total SIgA levels which can reveal invaluable information about your immune system, such as its ability to directly quench pathogenic virulence factors.
