Molecular H2

Effervescent Hydrogen Tablets

Molecular H2 creates a high level of hydrogen (H₂) when added to non-carbonated water.

H₂ is the smallest known molecule, which enables it to readily pass through cellular membranes and the blood-brain barrier, systemically delivering antioxidant activity and redox balance.* Unflavored and delicious raspberry flavor available.

Melatonin 20 mg

High Potency Melatonin

Allergy Research Group was the first to introduce melatonin to the U.S. market in 1995.

Promotes sleep, scavenges •OH and activates the Nrf2-pathway.* Clinical research shows melatonin supplementation delivers numerous clinical benefits with very low toxicity.*

Pancreas Pork

Natural Glandular

Formulated by the renowned late glandular nutrition expert, Nicholas Gonzalez, MD, and derived from New Zealand government-inspected, range-fed animals.

Pancreas Pork is lyophilized (freeze dried), retaining amylase, protease, and lipase, as well as other digestive factors, including any fat content.*

YOUR NATURAL DEFENSE SYSTEM

Scandinavian Formulas' Shark Liver Oil is a trusted product, having the highest known concentration of Alkylglycerols that affect the body's natural defense mechanisms. Harvested from cold water, deep-sea Greenland sharks.

Shark Liver Oil may aid in improving the body's immune system.

- Scandinavian Formulas' Shark Liver Oil is a trusted name and product recognized and sold world-wide
- Clinically studied since 1962
- The only oil containing valuable Alkylglycerols
- All-natural and carefully controlled
- Contains no unwanted fats or impurities

The information presented is not intended to be prescriptive or to replace the care of a licensed health professional in the diagnosis and treatment of illness.

Available from major distributors such as Threshold, Emerson Ecologics, and Super Natural.
