Dr. Ichiroh Ohhira: A Pioneering Genius in Probiotic Science

Developed Nature's 'Perfect Probiotic' over 40 Years ago!

Dr. Ohhira has proven to be one of the world's most influential researchers in the history of probiotic science as his discoveries continue to be confirmed. He inventively understood restorative medicine when developing a 5-year natural temperature fermentation method that produces beneficial strains of probiotics as well as therapeutic **Peptidase Amalabites**, recently proven to be the most beneficial aspect of probiotic supplementation. Recent research on Dr. Ohhira's Probiotics revealed that his formula contains over 500 kinds of these healthy, pioneering probiotic metabolites.
