Get More with TruGen3!
Direct access to Chief Clinical Advisor Dr. Chris B. Hatcher to answer all of your CBD questions.

VESISORB® Technology for up to 400% more bioavailability from ordinary CBD products. Many formulas incorporate hydrophilic curcuminoids for soluble delivery, but this proprietary technology is a challenge. The VESISORB® delivery system overcomes these challenges, better supporting the body's natural inflammatory response, as well as joint, brain and immune health.

Proprietary Super Critical CO₂ extraction process extracts cannabinoids and terpenes with low alcohol for maximum purity.

Cannabidiol profile confirmed by 3rd party CertCo, Inc. of Analytik.
